6 March 1979

Dear Tom,

STAT I wanted to note with special thanks your recent TDY in [] I read your cables with interest and know that they were helpful to others as well. I'm sure the Station appreciated your presence during a difficult time.

We come to expect first-class performances from our employees, even under trying circumstances, and while you were simply doing your job and upholding that tradition, I wanted you to know that we appreciated your work.

Many thanks.

Yours,

A handwritten signature in cursive script, appearing to read "Stansfield Turner".

STANSFIELD TURNER
